

FACULTY OF EDUCATION

---

---

If you are interested in working with children or young people and you have a passion for teaching and learning, you may want to consider a career in education. Due to the strength of our program and the successes of our students, hiring rates for our graduates are consistently good. Increasing career opportunities are anticipated in areas such as math, science, French, and industrial arts.

This program leads to an

The University also offers some joint programs in Education with Red River College Polytechnic: Applied Commerce Education, Industrial Arts Education and Technical Vocational Education - see *separate fact sheets for details*.

---

While this program is designed to prepare you for a career in teaching, career opportunities for graduates are by no means restricted to the classroom. Graduates may also find employment in administrative and education-related positions in government or industry.

This program allows you to work toward two degrees at the same time, over a period of five years. In first year, you are introduced to educational topics and have some exposure to working with youth. In second year, you're in the classroom to observe and gain teaching experience. You continue to student teach in every year of the program, and take academic and professional courses in Arts, Science, and Education.

This two-year program is for students who have already completed an undergraduate degree. To be eligible you must also have course work completed in two teachable areas. For Senior Years, you need a full teachable major of 30 credit hours and minor of 18 credit hours. For the Elementary stream, you need a teachable major of 18 credit hours and minor of 12 credit hours, along with 6 credit hours in each of these four areas: English/French Literature; History/Geography; Math; Science.

Biology, Business/Technology, Chemistry, English, French, Geography, History, Industrial Arts/Technology, Kinesiology and Applied Health, Math, Physics, Theatre and Film (See the *Academic Calendar* for a complete list of teachable majors and minors.)
