- Applications of Database Systems

SAMPLE FIRST YEAR

In addition to taking the recommended courses for the science degree of your choice, you could take the following courses to start working towards the Business Stream:

BUS-1201(3) Introduction to Business I

BUS-1202(3) Introduction to Business II

ECON-1201(3) Quantitative Methods for Economics and Business

OR

MATH-1301(3) Applied Mathematics for Business and Administration

***NOTE:** This sample first year is representative of the courses you may take. For many of our programs, you may choose another set of courses and still be well on your way to a degree. Also, for most programs you do not have to take 30 credit hours (five full courses) in your first year.*

REQUIRED HIGH SCHOOL COURSES

In addition to meeting The University of Winnipeg's general admission requirements, you must have either **Applied Mathematics 40S** or **Pre-Calculus Mathematics 40S** or equivalent in order to take some of the required courses in the Science-Business stream. High school students lacking this background can enroll in **MATH-0041** and **MATH-0042** which are offered by the Math Department.
